

Privacy Notice: Parent Carer Forum (PCF) Grants Applications and Monitoring Reports

Who we are

This work is being carried out by Contact which is a Delivery Partner for the Department for Education (DfE). For the purpose of data protection legislation, the DfE is the data controller for the personal data processed as part of the Application and Monitoring Reports for the PCF Grant.

How we will use your information

Contact will receive your personal data from your application and monitoring reports and will process it in order to allow us to effectively safeguard public monies and to complete due diligence exercises which identify any fraudulent practice, and thus reduce the likelihood of fraud being committed. This includes details of the forum's bank account signatories and their email addresses as we need to be able to contact them in the event of any queries, and to know that those listed as signatories are not prohibited from doing so.

More information about this work is available from: www.contact.org.uk or <https://ico.org.uk/for-organisations/guide-to-the-general-data-protection-regulation-gdpr/lawful-basis-for-processing/#ib3>

- recording of the IP address of the computer submitting the grant application

Additionally, as part of the grant monitoring return you will be providing details of your forum's activity and outcomes during the grant year. It is a requirement of the sign off process that parent carer forums must provide proofs of expenditure to account for their grant spend. These will include:

- Invoices from companies providing goods or services
- Expense claim forms / honorarium claim forms
- Wage slips including NI numbers or payroll/employee numbers
- General, non-personal information about your forum's work and local relationships

Why our use of your personal data is lawful

In order for our use of your personal data to be lawful, we need to meet one (or more) conditions in the data protection legislation. For the purpose of this project, the processing is necessary to exercise a function of a Ministerial department and for the exercise of a function of a public nature that is in the public interest.

Who we will make your personal data available to

We sometimes need to make personal data available to other organisations. These might include contracted partners (who we have employed to process your personal data on our behalf) and/or other organisations (with whom we need to share your personal data for specific purposes) including other governmental departments.

Where we need to share your personal data with others, we ensure that this data sharing complies with data protection legislation. For the purpose of this project:

- we are employing Contact to process your personal data on our behalf. This means that they will gather information as detailed above.

Additionally:

- Consent is sought to share anonymous information relating to monitoring questions 6.4 – 6.6 with the National Network of Parent Carer Forums (NNPCF).
- Information from question 6.7 is shared with KIDS and Council for Disabled Children as contracted consortium partners to aid their mapping of children and young people's forums in England; this does not include personal data.
- Consent is sought to share anonymous data with the NNPCF on section 9 of the monitoring form; this does not include personal data.
- Personal data from the grant monitoring return could be shared with fraud prevention agencies – the Police or Action Fraud if requested, and fraud is suspected. We may need to share personal data with other funders if fraud is investigated. This is for a public interest and to enable the protection of public money.
- Contact may share information from your grant application or monitoring form if they assign a Contact associate to support your forum.

General information and trends from the grant monitoring forms may be shared with the DfE, other Government departments and NHS England to demonstrate the impact of PCFs and to ensure that they continue to influence policy and legislation.
