

ROADMAP FOR NEXT GOVERNMENT

We believe that disabled children deserve a government that is prepared to think big and to build a society where everyone is given the best chance to be successful.

Scrap the planned PIP reforms and the earnings limit on Carer's Allowance

S

Cap energy costs for families running mini hospitals at home

C

Establish a stronger system of accountability for Education, Health and Social Care and put SEN support on legal footing - with a long term funding

E

Set up a commission to improve access to suitable housing for disabled children and young people

S

Utilise the skills, knowledge and expertise of parent carers

U

Unlock Child Trust Funds for disabled youngsters giving them back £210 million in savings

U

Close the school transport loophole for disabled young people aged 16+

C

Significant investment in the specialist workforce and reduction in waiting lists for diagnosis, children's mental health and NHS community services

S

Fix Universal Credit for disabled children and young people

F

Launch a parent-led review of short break provision and reform social care law

L

Please help us make these asks a reality for families by sharing this with your local prospective parliamentary candidates.
